

Multiple Unlocked Cars Entered

Residents reminded to record serial numbers

After a recent lull in nighttime criminal activity, in a single night (8/25-8/26), 18 unlocked cars were entered on several streets (W. Melrose, W. Kirke, W. Irving, Grafton, Grove, Hesketh, E. Kirke, and E. Melrose), and thieves attempted to steal one car. Residents are urged to remove valuables and lock their cars every time they park. Theft is a crime of opportunity, and the Village Police Department requests your help in eliminating the opportunity.

In a related matter, County police have made a recent arrest and recovered several stolen items bearing serial numbers. Police were unable to identify the owners of several items of electronics with serial numbers because the owners either failed to report the items stolen, or the owners were unable to provide a serial number. Residents are reminded to call the police and report every crime, and they are urged to record all serial numbers in a place where they can be retrieved.

New Medication Drop Box Installed at Village Hall

Permanent box provides safety and convenience

The police department has installed a new steel drop box to provide residents with a convenient and safe way to dispose of unwanted medications. It is located in the hallway to the left of the lobby area in the Village Hall, and the white mailbox-style receptacle is available to residents 24 hours a day, 7 days a week.
